EMCORE Reports Fiscal 2020 Third Quarter Results

ALHAMBRA, CA, August 5, 2020 – EMCORE Corporation (Nasdaq: EMKR), a leading provider of advanced mixed-signal products that serve the aerospace & defense and broadband communications markets, today announced results for the fiscal 2020 third quarter ended June 30, 2020 (3Q20). Management will host a conference call to discuss financial and business results tomorrow, Thursday, August 6, 2020, at 8:00 AM Eastern Time.

Consolidated revenue for 3Q20 was \$27.3 million, comprised of \$14.0 million from the Aerospace & Defense segment and \$13.3 million from the Broadband segment. Net loss on a GAAP and non-GAAP basis was \$1.3 million and \$0.7 million, respectively, in 3Q20 compared with a net loss on a GAAP and non-GAAP basis of \$5.1 million and \$3.8 million, respectively, in 2Q20. Adjusted EBITDA was positive \$0.3 million in 3Q20.

“We saw strong demand in both our Aerospace & Defense and Broadband businesses, driving a 14% sequential-quarter revenue increase. Top-line growth and ongoing operational improvements resulted in a seven point improvement in gross margin, led by our QMEMS team,” said Jeff Rittichier, Chief Executive Officer of EMCORE. “Looking ahead into our September quarter, the demand picture from our CATV and Aerospace & Defense customers remains strong, which should allow us to stay on the path of improved operational results despite the global impact of the pandemic,” concluded Rittichier.

Use of Non-GAAP Financial Measures

The Company conforms to U.S. Generally Accepted Accounting Principles (GAAP) in the preparation of its financial statements. We disclose supplemental non-GAAP earnings measures for gross profit margin, operating expenses, operating profit margin, net income, and earnings per share, as well as adjusted EBITDA.

Management believes these supplemental non-GAAP measures reflect the Company's core ongoing operating performance and facilitates comparisons across reporting periods. The Company uses these measures when evaluating its financial results and for planning and forecasting of future periods. We believe that these supplemental non-GAAP measures are also useful to investors in assessing our operating performance. While we believe in the usefulness of these supplemental non-GAAP measures, there are limitations. Our non-GAAP measures may not be reported by other companies in our industry and/or may not be directly comparable to similarly titled measures of other companies due to potential differences in calculation. We compensate for these limitations by using these non-GAAP measures as a supplement to GAAP and by providing the reconciliations to the most comparable GAAP measure.

The schedules at the end of this press release reconcile the Company's non-GAAP measures to the most directly comparable GAAP measure. The adjustments share one or more of the following characteristics: they are unusual and the Company does not expect them to recur in the ordinary course of its business, they do not involve the expenditure of cash, they are unrelated to the ongoing operation of the business in the ordinary course, or their magnitude and timing is largely outside of the Company's control. For all reporting periods disclosed, the Company has applied consistent rationale, method, and adjustments in reconciling non-GAAP measures to the most directly comparable GAAP measure.

Non-GAAP measures are not in accordance with or an alternative to GAAP, nor are they meant to be considered in isolation or as a substitute for comparable GAAP measures. Our disclosures of these measures should be read only in conjunction with our financial statements prepared in accordance with GAAP. Non-GAAP measures should not be viewed as a substitute for the Company's GAAP results.
