## **EMCORE Corporation to Report Fiscal 2013 First Quarter Results on Tuesday, February 5, 2013**

ALBUQUERQUE, N.M., Jan. 31, 2013 (GLOBE NEWSWIRE) -- EMCORE Corporation (Nasdaq:EMKR), a leading provider of compound semiconductor-based components, subsystems, and systems for the fiber optics and solar power markets, will announce its fiscal 2013 first quarter results for the period ended December 31, 2012 on Tuesday, February 5, 2013 after market close. A conference call discussing the results will begin at 4:30 p.m. ET.

### **Conference Call Information:**

The call will be webcast live via the Company's website at <http://www.emcore.com>. Please go to the site beforehand to register and download any necessary software. A webcast will be available for replay beginning February 5, 2013 following the conclusion of the call on the Company's website.

### **About EMCORE**

EMCORE Corporation offers a broad portfolio of compound semiconductor-based products for the fiber optics and solar power markets. EMCORE's Fiber Optics business segment provides optical components, subsystems and systems for high-speed telecommunications, Cable Television (CATV) and Fiber-To-The-Premise (FTTP) networks, as well as products for satellite communications, video transport and specialty photonics technologies for defense and homeland security applications. EMCORE's Solar Photovoltaics business segment provides products for space power applications including high-efficiency multi-junction solar cells, Covered Interconnect Cells (CICs) and complete satellite solar panels. For further information about EMCORE, visit <http://www.emcore.com>.
