The call will be available, live, to interested parties by dialing 800-367-2403. For international callers, please dial +1 334-777-6978. The conference passcode number is 9769724. The call will be webcast live via the Company's website at <http://www.emcore.com>. Please go to the site beforehand to register and download any necessary software. A webcast will be available on the Company's website for replay beginning Tuesday, December 1, 2020 following the conclusion of the call.

About EMCORE

EMCORE Corporation is a leading provider of advanced mixed-signal products that serve the aerospace & defense and broadband communications markets. Our best-in-class components and systems support a broad array of applications including navigation and inertial sensing, defense optoelectronics, broadband transport, 5G wireless infrastructure, optical sensing, and cloud data centers. We leverage industry-leading Quartz MEMS, Indium Phosphide, and Lithium Niobate chip-level technology to deliver state-of-the-art component and system-level products across our end-market applications. EMCORE has vertically-integrated manufacturing capability at its wafer fabrication facility in Alhambra, CA, and Quartz MEMS manufacturing facility in Concord, CA. Our manufacturing facilities maintain ISO 9001 quality management certification, and we are AS9100 aerospace quality certified at our facility in Concord. For further information about EMCORE, please visit <http://www.emcore.com>.
